↔ Breakdown of Total Patients Received
↔ Breakdown by type of insurance. All Secondary Insurances have Primary but vice versa is not true.
↔ **TOTAL VERIFICATIONS DONE: 1691**
↔ **Not payable -** We have not broken these numbers down because it is irrelevant data and hence they may look inaccurate.

Facts

1 verification (if a call has to be made) = 40 minutes average

1691 verifications = 67,740 minutes/60 = 1127hours

For an employee at \$12.00 per hour : 1127 hours = \$13524.00 + tax + \$4057 (Benefits) = \$17581 for 1691 verifications

Infrahealth cost : 1691x \$3.00 = \$5073

Cost saving : \$17581 - \$5073 = \$12508 per month

Saving - 71.14%
